INNOVATE TO PROTECT

NEW PRODUCT RELEASE

TEAM WENDY® RIFLETECH™

The RIFLETECH™ helmet combines high performance cutting-edge materials, breakthrough no through hole design, and a new comfort liner system. This helmet delivers the perfect mix of level III rifle protection and comfort, allowing the wearers to focus on their mission.

FEATURES

> High velocity performance (Ceradyne shell technology)
> Optimal ballistic integrity (No through-hole technology)
> New liner system improves comfort, fit, airflow, and thermal management.
> Premium stability featuring CAM FIT™ retention system.
> NVG shroud, reverse dovetail rail system, Velcro & shock cord kit.

BALLISTIC PERFORMANCE (tested on XL shell)

> 17gr FSP V_{50} ≥ 4430 fps (1350 m/s)
> **RTP at muzzle velocity**
> > 7.62x39 MSC
> > 7.62x51 FMJ (M80 Ball NATO round)
> > 5.56 M193 BT
> > 9mm FMJ RN

WEIGHT AND COVERAGE (±5%, LARGE, HIGH-CUT)

> Est. Shell weight incl. paint and edge band = 2.47 lb (1.12 kg)
> Est. complete system weight = 3.00 lb (1.36 kg)
> Shell coverage area = 161 in² (1039 cm²)

SHELL ASSEMBLY

> Ceradyne Seamless Shell Technology
> Ultra-High Molecular Weight Polyethylene material (UHMWPE)
> Durable polycarbonate edge trim design
> Available in S,M,L,XL shell size

RIFLETECH™ LINER SYSTEM

> Team Wendy Zorbium® foam technology
> Proprietary water-resistant film and loop fabric covering
> Accommodates communication headset integration
> Meets ACH Gen II Blunt Impact (AR/PD 14-01)

NO THRU-HOLE CAM FIT™ RETENTION SYSTEM

> BOA® fit system with micro-adjustable dial
> Cam Lock sliders for one-handed adjustment and secure fit
> Asymmetric design keeps buckle tucked smoothly along jaw line
> Chin cup lining ensures maximum comfort and chafe-free wear
> Custom clip system attaches with no thru holes

COLORS

■ Black (FED-STD-595C #37031)

■ Coyote Brown (FED-STD-595C #20150)

■ Ranger Green (Pantone 7770c)
